SPECIFICATIONS

Address	364 Cong Hoa Street, Ward 13, Tan Binh District		
Developer	REE Corporation		
Duration	Completion Date: Quarter 2/2024		
BUILDING INFO			
GFA (including basements)	79,779 sqm		
NLA	37,000 sqm		
Number of Floors	16 floors and 5 basements		
Basement Area	24,542 sqm		
Land area	3,751 sqm		
Gross Area	55,237 sqm		
Coverage Area	3,700 sqm		
Typical Floorplate	2,955 sqm		
Total height of Building	63 m		
Ceiling height	3.7 m		
Cennig neight	3.7 m		
M&E Elevator - Type	Port system / BMS control		
M&E			
M&E Elevator - Type	Port system / BMS control		
M&E Elevator - Type Elevator - Quantity Elevator	Port system / BMS control Twelve (12) elevators		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting)		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators HVAC - Type	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators Central Air conditioning sytem		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators HVAC - Type A/C - Capicity	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators Central Air conditioning sytem 2100 RT		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators HVAC - Type A/C - Capicity A/C - Features	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators Central Air conditioning sytem 2100 RT 3x700 RT water cooled chiller and 4x36 RT air cooled chiller LED Panel		
Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators HVAC - Type A/C - Capicity A/C - Features Lighting - Type Lighting - Modules - Office	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators Central Air conditioning sytem 2100 RT 3x700 RT water cooled chiller and 4x36 RT air cooled chiller		
M&E Elevator - Type Elevator - Quantity Elevator Capicity 1,800kg - Speed 3m/s Service Elevator Capicity 2000kg - Speed 2,5m/s Escalators HVAC - Type A/C - Capicity A/C - Features Lighting - Type	Port system / BMS control Twelve (12) elevators Ten (10) Passenger Lifts Two (02) Goods Lifts (fire fighting) Two (02) escalators Central Air conditioning sytem 2100 RT 3x700 RT water cooled chiller and 4x36 RT air cooled chiller LED Panel 600x1200 mm typical floor office area, others floors do not have light

Security - System type	CCTV in public, basement, lobby, emergency staircase
Number of cameras	302 items

SAFETY

Fire Safety Standard	QCVN 06:2021/BXD	
Sprinkler System	Full coverage (basements, corridors, offices)	
Monitoring System	Full coverage	
Fire Alarm System	Fire alarm system with smoke detectors, break glass stations and alarm bells on each floor	
Fireproof Door	For technical rooms, toilets, evacuation lifts	
Smoke Detectors System	Installed in office areas	
Fire Escape	Four (04) N3 stairs	
Voice evacuation	Installed in office areas, evacuation lifts, toilets	
Stairwell Ventilation	Pressurized stairwell enclosure	
Fire service system	Fire pump located in pump room outside the building	

AMENITIES

AMERITIES	
Toilets - Female/ Floor	Twelve (12) water closets, Ten (10) lavatories per floor (FCU will be installed in toilets)
Toilets - Male/ Floor	Eight (08) water closets, Ten (10) urinals, Eight (08) lavatories per floor (FCU will be installed in toilets)
Toilets - handicap / floor	Two (02) water closet, Two (02) lavatory per floor
Wheel Chair Ramps - Location	Aisle for the disabled on the ground floor
Pantry/ Kitchen/ Floor	Two (02) pantries per floor
